

# Helping Hands

Start

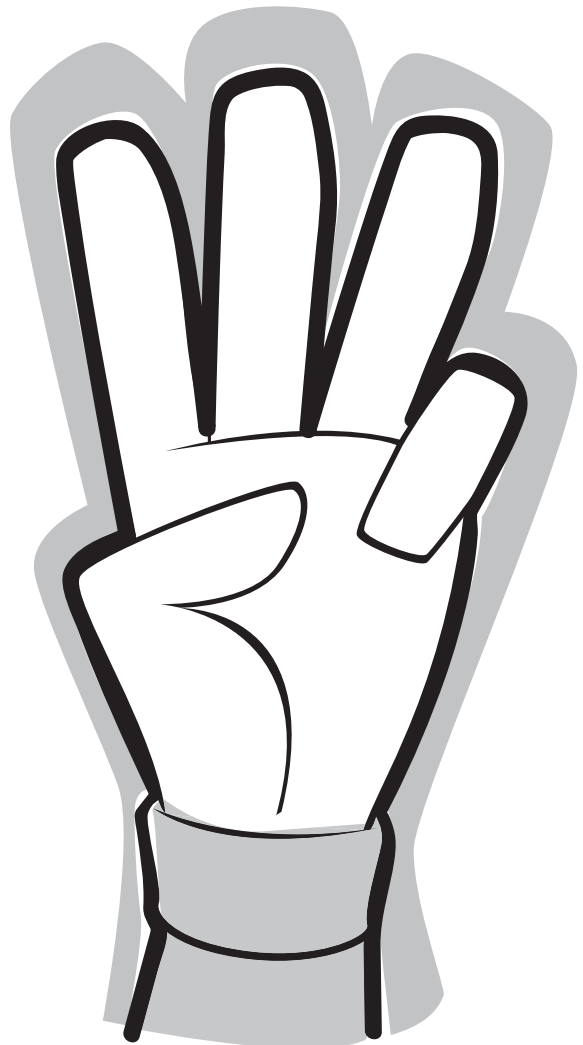

Put

in a

. Take turns.

## Materials

Number tiles 1–5, paper bag

## Oral

### Directions

**TRY** Look at the pictures. The hands are holding up different numbers of fingers. The fingers on the hand on the left show the number on the tile. The fingers on the hand on the right show 1 fewer. Take turns. Pick a tile from the bag. Show your partner that number with your fingers. Ask your partner to show you 1 fewer. Put the tile aside. Keep playing until the bag is empty.

**TRY AGAIN** If you have time, play again! This time put only 2–5 in the bag. After you hold up your fingers, ask your partner to show 2 fewer.
