# 😊Biome Presentation😊

1. You and your group have been assigned an environment to research. You may use the class textbook or any credible online source.
2. Using PowerPoint, create a presentation to teach the class about the environment you researched.

*Presentation should include: illustrations, videos, graphs and any other information you find relevant to your topic*

3. Your presentation should take between 8-10 minutes and should be at least 8 slides in length.
4. Sections you may want to include in your presentation:
  - a. Description of environment
  - b. Locations
  - c. Abiotic factors
  - d. Plant adaptations
  - e. Animal adaptations
  - f. Threats to environment
  - g. Solutions to become/remain sustainable

**Presentations will begin on:** \_\_\_\_\_
