

Hi, I am Cheryl McMahon and my husband and I have lived in NT for 25 years and have raised 6 children through the NT school district.

I have served on the NT School Board as President and Vice President in the past, working with some of the best board members we have ever had.

I am currently a Senior Child Protection Investigator in Niagara County with a Master Degree in Community and School Health.

I am looking forward to being able to serve our families and community again. Thank you.
